Paul

I would like to thank you for taking my call last Saturday morning - please feel free to use my story as a testimonial...

"I called Paul last Saturday morning; I had a problem getting my laptop to open, it was only opening as a dvd player and I could not access any of my files, Paul said - leave it with me, I'll call you back - true to his word he did, had me press a button and all was sorted, I checked back over my phone, I called Paul at 9.09 explained my problem and at 9.19 Paul called me back and got me sorted."

You offer a great service and I will happily recommend you.

Very best wishes,

Shane O'Flaherty
087 2505124

P.S. Keep us in mind for any cleaning equipment and supplies requirements that you have as we would welcome and appreciate your business and referrals.
