Re: Letter of recommendation – Paul Connolly, Avantec

To whom it may concern

Paul Connolly of Avantec was contracted by our company to do a major overhaul of our I.T infrastructure at our premises here in Rathangan and Naas. We have found his work exemplary and would have no trouble in recommending him to you.

Since Paul has come on board our I.T systems have never run better, he is competent with all our BMW hardware and software and has been of great assistance in preparing for new BMW systems been introduced such as the new ISIS server. We intend to use his services for the foreseeable future and highly recommend his services.

If you have any questions or queries regarding the above please don't hesitate to contact me directly at the numbers provided below.
